ABOUT THE TRIP

A journey to Chopta, Tungnath, and Chandrashila is nothing short of magical. Nestled in the heart of the Garhwal Himalayas, Chopta is often called the 'Mini Switzerland' of India for its lush, green meadows and panoramic views of snow-capped peaks.

The trek begins with serene landscapes and cool mountain air, guiding you through dense forests filled with rhododendrons and oak trees. Tungnath, the world's highest Shiva temple, adds a spiritual dimension to the adventure. The temple's ancient stone structure, set against the backdrop of towering mountains, is a place where history and divinity converge.

The real highlight comes when you push forward to Chandrashila Peak. Standing at 13,000 feet, this summit offers a 360-degree view of the mighty Himalayas, including Nanda Devi, Trishul, and Kedar peaks. Reaching the top feels like touching the sky, and the sunrise from Chandrashila is a sight you'll never forget.

The trek is not only a test of endurance but also a journey of self-discovery and connection with nature. Whether you're there for the adventure, the spiritual experience, or the sheer beauty of the landscape, a trip to Chopta, Tungnath, and Chandrashila will leave you awestruck and inspired.
