ABOUT THE TRIP

Being at an altitude of 1600 m, Tirthan Valley is surrounded by mighty Himalayan mountains. The valley is a popular weekend getaway due to all the adventure-related activities it offers its visitors. Besides, it is the main getaway to the Great Himalayan National Park, a UNESCO heritage site, which has become so popular recently.

Tirthan is derived from the Tirthan River. Located in the Kullu district, the river which gave its name originates from Hanskund peak in the Great Himalayan National Park.

Its beauty and simplicity of the people and the valley itself makes it a very popular welcome respite from all other destinations in Himachal Pradesh. It has now become famous among travelers. However, it can still be counted as an offbeat destination when it is compared to places like Manali, Kasol or Kullu.

Tirthan Valley is dotted with rural, riverside gateways, many of them aimed at anglers. However, it also forms a trekking getaway to the World Heritage, the Great Himalayan National Park.

The valley is nothing less than a paradise with clear skies, majestic mountains, and pristine river. It is a great way to escape the city life and immerse yourself in nature.
